For this matter, we will go to Tobias Bolanos Airport and take an airplane to Hotel Jinetes de Osa, located in Drake Bay. It needs to be said first and foremost that a trip to Drake Bay isn't just a journey in miles, but a journey backward in time. Dozens of square miles of lush green tropical rain forest blanket the area.

After arriving you will immediately notice the absence of 24 hour convenience stores, roads and people. However, this physical isolation is what has allowed Drake Bay to remain special. Some liken Drake Bay to what Hawaii must have looked like before hotel chains and strip malls invaded the beaches.

The resort consists of three buildings located on the beach and twenty acres of rain forest. Currently, the resort has 9 rooms in two of the three buildings and a dining room and kitchen in the third. The rooms are simple, comfortable and clean. At night, the fresh tropical breeze carries the sound of the ocean into your room

Since this is your honeymoon and you want to spend time alone and enjoy your first days as a married couple, we have no activities scheduled at this location. However, there is plenty of activities that can be booked through us or at Hotel Jinetes de Osa once you get there. You can have a dolphin and whale encounter tour, birdwatching tours, Corcovado National Park hiking tour, Cano Island boat trip and snorkeling or even scuba-diving lessons. There is plenty to choose from if you want to have more excitement at this peaceful and enchanting location.
